

As communicated before, Al-Noor School is enforcing our students to use an official school email address. This is to authenticate students as they use Zoom and Google Classroom and to protect students' privacy. Students will NOT be allowed to use their personal email accounts to gain access to classes. Teachers will also communicate with their students via official school email addresses.

Activate your child's Al-Noor School email account

1. Open any web browser and go to [Gmail](#)
2. Click on "Sign in" and enter your child's Al-Noor School email. The email will be set up as follows:
